Gathering Service: The rate named in this tariff is for trunkline transportation only. Where a gathering service is performed on designated pipeline laterals, a gathering charge of [I] 166.97 cents per barrel will be assessed, except that a Committed Acreage Dedication Shipper (as defined below) will receive (i) a [I] 27.60 cent per Barrel gathering charge discount on those volumes produced from its "Acreage Dedication" or "Base Production Wells", as such terms are defined in the Shipper's transportation services agreement, when the aggregate volumes shipped by such Shipper to delivery points downstream of Sandstone/Baker Station, Montana equal or exceed 20,000 Barrels per day, on average, during a given month, (ii) a [I] 55.23 cent per Barrel gathering charge discount on those volumes produced from its "Acreage Dedication" or "Base Production Wells", when the aggregate volumes shipped by such Shipper to delivery points downstream of Sandstone/Baker Station, Montana equal or exceed 40,000 Barrels per day, on average, during a given month, (iii) [I] 69.02 cent per Barrel gathering charge discount on those volumes produced from its "Acreage Dedication" or "Base Production Wells" when the aggregate volumes shipped by such Shipper to delivery points downstream of Sandstone/Baker Station, Montana equal or exceed 70,000 Barrels per day, on average, during a given month, or (iv) [I] 82.81 cent per Barrel gathering charge discount on those volumes produced from its "Acreage Dedication" or "Base Production Wells" when the aggregate volumes shipped by such Shipper to delivery points downstream of Sandstone/Baker Station, Montana equal or exceed 80,000 Barrels per day, on average, during a given month. An additional deduction of 0.1% will be made to gathered volumes to cover evaporation and other normal losses during handling.

Quality Specifications: In addition to complying with the quality specifications set forth in Item No. 15 (Specifications as to Quality Received) in Bridger Pipeline LLC's F.E.R.C. No. 112.27.0 and subsequent reissues thereof, all petroleum movements in this tariff must have (1) an API gravity of thirty-six (36) degrees or greater, and (2) less than 0.20% sulfur by weight.

NOTES

[1] The Committed Acreage Dedication Rates are available to Shippers (1) that have currently effective acreage dedication commitments to Bridger's system, made during the open season held beginning October, 2016

(“Committed Acreage Dedication Shipper”), (2) that tender Petroleum at the applicable origin point listed in the table above, and (3) that deliver such Petroleum to Bridger Pipeline LLC, Baker Station, Fallon County, MT for further delivery to the Bridger Guernsey HUB, Platte County, WY under Bridger F.E.R.C. No. 569.23.0.

[2] The Committed Acreage Dedication Rates shall only be available for volumes shipped from the origin points on Bridger’s system located within Dunn and McKenzie Counties, ND.
