Pipeline Loss Allowance

Each Shipper moving under this Joint Tariff shall pay the pipeline loss allowance applicable to each line segment comprising Shipper’s joint movement; provided that any Shipper shipping under this Joint Tariff shall qualify for a 0.05 percent reduction in the total pipeline loss allowance assessed on such Shipper’s shipments under this Joint Tariff.

Miscellaneous Provisions

The minimum truck load requirement is 200 barrels. If Shipper does not meet the minimum truck load requirement of 200 barrels of Crude Petroleum imposed by Black Hills, Black Hills agrees to nonetheless accept a truck load of less than 200 barrels of Crude Petroleum subject to Shipper’s payment of a fee to Black Hills of [U] \$115.00 per load.

To the extent Black Hills rejects any truck load of Crude Petroleum because it does not meet the applicable pipeline quality specifications set forth in Bridger’s FERC rules and regulations tariff, shipper will be assessed a rejected load fee of [U] \$75.00 by Black Hills.

The Joint Rates specified in this Joint Tariff are inclusive of all fuel surcharges imposed by Black Hills, provided that the U.S. Energy Information Administration’s posting for gasoline and diesel applicable to PADD II (Midwest) is less than [U] \$3.00 per gallon. Although such surcharges are imposed by Black Hills and related to trucking service, to the extent the PADD II posting is equal to or greater than [U] \$3.00 per gallon, the carriers reserve the right to: (1) adjust, through a tariff filed with FERC, the Joint Rates specified herein to reflect such increase in fuel cost incurred by Black Hills; or (2) add a fuel surcharge to reflect such increase in fuel cost incurred by Black Hills.
